Hulp gezocht bij uitzoeken oude foto's Palestina

Leiden, 29 maart 2023 om 17:20 uur door Roeland van Wely

De Nederlandse fotograaf Frank Scholten bezocht tussen 1920 en 1923 het toenmalige Palestina. Hij fotografeerde daar praktisch alles wat hij tegenkwam. Na zijn dood kwam zijn enorme fotocollectie bij het Nederlands Instituut voor het Nabije Oosten terecht. Medewerkers van de Universitaire Bibliotheken Leiden (UBL) zijn de foto's nu aan het uitzoeken. Daar kunnen ze wel wat hulp bij gebruiken.

Scholten legde het Palestina in de jaren twintig van de twintigste eeuw vast in meer dan 20.000 foto's. Hij maakte portretten.

Participants are cordially invited to work with original vintage photos from the collection in the upcoming series of metadata workshops. At the end of the afternoon, participants can get acquainted with original material from the Scholten collection in a pop-up exhibition.
